## NPMHU Local 300 – Members Only Smartphone APP

Local 300 is proud to have completed a smartphone application, only for the members of the National Postal Mail Handlers Union Local 300. We are the first & only NPMHU Local Union in the nation that has developed a smartphone app for its members. The app is available for download to all Local 300 Members via the **Google App store (NPMHU Local 300)**, or the **Apple App store (via a private link)**. The app will send 'push notifications' on breaking news, events, contract information, salary increases, etc. It also contains many other useful resources, such as the National Contract, Contract Interpretation Manual (CIM), etc.

To download this **member-only app**, scan the QR Code for Android users or the QR code for iPhone users. If you prefer, go to [www.local300npmhu.org](http://www.local300npmhu.org) and click on the link to the Google App Store or Apple App Store.

The process for the app download is as follows:

1. Download the app via your iPhone or Android device.
2. Signup as a new user to the app. (Complete all fields)
3. You will first be sent an automatic 'verification code' to your email
4. After you enter the code into the app you will be sent an email advising you that you have been approved, but pending membership verification.
  - a. *Be aware that you will not have automatic access to the app until we verify that you are a member of Local 300.*
5. After the verification of your membership, you will receive a final email message indicating that you are approved. Log in, enter your password and start using the app.
6. Be aware that Iphone users must trust the APP to your device.
